Cold probe sheet

Check each target on the first try of the day, before any teaching, to see what the learner really knows.

1. Test each target once, first thing, before any teaching or help.
2. Y = correct with no help. N = anything else.
3. Write your mastery rule before you start, such as “Y on three days in a row,” and stick to it.
4. When a target meets the rule, write the date in the last column.

Learner (initials or a code) _____ Week of _____ Mastery rule _____

The grey row is a made-up example.

Target	Mon	Tue	Wed	Thu	Fri	Mastered (date)
Zips coat	*N*	*Y*	*Y*	*Y*	*Y*	*9/25*
