Function quick-check.

DRAGEN ACADEMY · FUNCTION QUICK-CHECK · DRAGEN.CLOUD

Function	Happens most when...	Stops when...	Tally from my 4-term lines
Attention	Adults are busy, turned away, on the phone	Someone looks, talks, comforts, scolds	
Tangible	Something is taken away or refused	They get the thing or activity	
Escape	A task, demand or place shows up	The task is removed, delayed or done for them	
Automatic	Alone, or regardless of who is there	It does not depend on anyone reacting	

My best guess, to bring to the team (and one line of evidence):
