Measure	Use it when	Write down	Watch out
Frequency or rate	Clear start and end, over quickly	A tally; ÷ minutes if sessions differ	Only for behavior you can count
Duration	How long it lasts matters	Start to stop, in seconds	Define the start and the end first
Latency	How fast it starts matters	End of instruction to first move	Say the instruction once
Partial interval	You want less of it; too fast to count	Box marked if it happened at all	Reads high
Whole interval	You want more of it	Box marked if it filled the box	Reads low
Momentary	You’re busy teaching	Box marked if happening at its end	Shorter boxes get closer

Our behavior, defined so a stranger could score it	Our measure
